To Whom It May Concern:

I am pleased today to offer my personal endorsement to Tim Huelskamp for the U.S. House of Representatives representing Kansas's 1st District.

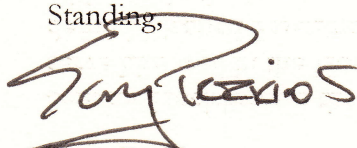

Tim Huelskamp has been a true friend of the family and the culture of life as a State Senator in Kansas. Congressmen who will fight to defend the family against the radical leadership in the House are crucial to the future of our country.

Senator Huelskamp's tireless advocacy on behalf of pro-life causes will serve him well in the House. I have worked with Tim in Kansas to defund Planned Parenthood and I look forward to continuing to work with him in the House.

Senator Huelskamp has worked to protect and create jobs in his district. He knows how out-of-control government spending burdens out families. I believe he will stand up to the White House and Congressional leadership as they attempt to saddle our children and grandchildren with an overwhelming mountain of debt.

I believe that Tim Huelskamp will be a true advocate for the issues that best uphold and strengthen families. I am proud to support his candidacy.

Standing,

Tony Perkins
